

COURTYARD SURGERY

Here at Courtyard Surgery, our normal working arrangements might have changed, but our doctors and nurses are still working hard and are here for you when you need them.

More care is provided at a distance, and all these changes are to keep you safe. You can discuss concerns either by:

- phone
- face-to-face; or
- video consultations
- photographs

They may look a bit intimidating, but they are still the same friendly, caring medical professionals they've always been. Please don't hesitate to call if you need us – we are still here to take care of you.

You may have noticed that our doctors and nurses look a little different these days..... that's for *your* protection as well as theirs.

If you are worried about any aspect of your health, please call your GP practice. We will discuss the most appropriate ways to access any care you may need.
